

Shubham Sharma

+91-9068080599 — imshubhamofficial@gmail.com — linkedin.com/in/skrishnatray — Github — Gurugram

Summary

Backend Software Engineer with 5+ years of experience in building scalable **distributed systems**, **microservices**, and **REST APIs**. Skilled in **Node.js**, **Python**, **TypeScript**, and **AWS**, with strong expertise in **system design**, **event-driven architecture**, and performance optimization. Proven track record of reducing costs, improving latency, and delivering automation and AI-driven backend solutions.

Experience

Innostax Software Labs Pvt Ltd

Nov 2021 – Present

Software Development Engineer 1

Gurugram

- Led backend development using **Node.js** and **AWS** for a large-scale flight and hotel booking platform integrating **REST APIs** (Amadeus, TBO)
- Completed provider certifications for external API integrations, ensuring production readiness and system reliability
- Designed scalable **microservices architecture** and **distributed systems**, improving maintainability and system performance
- Built a no-code backend platform improving developer productivity by 80% and reducing operational costs by 68%
- Optimized **API performance** and reduced latency through efficient **system design**, improving customer satisfaction by 78%

Innostax Software Labs Pvt Ltd

May 2021 – Nov 2021

Associate Software Engineer

Gurugram

- Developed **REST APIs** and backend services using **Node.js** integrating 30+ external systems
- Automated workflows improving operational efficiency and reducing manual effort using backend automation
- Improved data consistency and system reliability to 98% through optimized backend processing

Projects

AI Automated Appraisal System | Project Lead — Backend Developer

Jan 2026 – Present

Python, AWS Bedrock

- Designed AI-powered backend using **Python** and **AWS Bedrock** for workflow automation and compliance generation
- Implemented intelligent automation using **AI/ML models** for decision-making workflows
- Reduced manual effort by 95% through scalable cloud-based backend processing

EnergyHire - Job Matching Platform | Project Lead — Chief Architect

Feb 2024 – Jan 2026

.NET, Python

- Developed backend **APIs** using **Python** and **.NET** for AI-driven job matching platform
- Implemented **semantic search** using **Hugging Face Transformers** and **vector search**
- Improved search relevance and matching accuracy using optimized data models

TavaTrip - Travel Booking Platform | Lead — Backend Developer

May 2022 – May 2024

Node.js, AWS

- Architected backend services using **Node.js**, **AWS**, and **microservices architecture**
- Integrated multiple third-party **REST APIs** and ensured compliance for production deployment

Yokeru - Healthcare Automation | Project Lead — Backend Developer

Dec 2024 – Feb 2025

Node.js, AWS

- Built backend services using **Node.js** and **event-driven architecture** for healthcare workflows
- Integrated AI-based voice automation for patient communication systems
- Improved notification reliability using scalable backend architecture

AI Voice-Based Healthcare Notification System | Lead Developer

Jan 2026 – Mar 2026

Node.js, Express

- Developed AI-driven backend using **Node.js** and **REST APIs** for voice-based notifications
- Reduced missed appointments through automated scheduling and communication workflows

Skills

Languages: JavaScript, TypeScript, Python, C# , Dot Net **Frameworks:** Node.js, Express.js, NestJS, .NET, Fast, Flask

Backend & Architecture: Microservices, REST APIs, System Design, Distributed Systems, Event-Driven Architecture, API Integration, Scalability, Performance Optimization

Databases: PostgreSQL, MongoDB, MySQL, CockroachDb **Cloud & DevOps:** AWS, Azure

Tools: Git, Postman, Jira **AI/ML:** Hugging Face Transformers, Semantic Search, Vector Search, AWS Bedrock

Soft Skills: Communication, Critical Thinking, Teamwork

Education

Dr. APJ Abdul Kalam Technical University

2019 – 2021

MCA (CGPA: 8.6, Honors)

Achievements

- Client's Hero of the Quarter (June 2025), Mentor of the Year (2024)
- Mentor of the Quarter (Dec 2024), 1st Rank in Graduation
